

SCHOOL SYSTEM GOALS AND OBJECTIVES

The Medway School Board recognizes its responsibility and need to set goals for the efficient operation of the Medway schools. The board will be aware of its responsibility to ensure that the resources of the system are directed toward meeting the educational needs of each eligible student.

The board will develop annual goals based on input solicited from a variety of sources including administrators, faculty and staff, students, and local citizens. The goals will be shared with the community, staff, and student body. The administration will develop appropriate objectives designed to achieve the stated priorities.

The board will regularly evaluate progress toward meeting the goals and will adopt the appropriate policies designed to facilitate their accomplishment.
